

4A Lam Tsz Yau

Chinese New Year

In my holiday, I went to Thailand with my family and my friend.

On the first day, we ate a lot of Thai food and rode on the bus a lot of times. We went to the shopping mall and saw a restaurant called Robot Restaurant. But we didn't have time to try the food there.

On the second day, we went to Robot Restaurant for breakfast. All the food was served by robots. The food was delicious. After that, we went to Riley's Believe It or Not Museum. There were lots of attractions to see like Mirror Maze, 4D Moving Theatre, Haunted House and Laser Maze. We enjoyed all of them except Haunted House because we were scared.

On the third day, we had a buffet breakfast. It was great. Then we went to the water and amusement park. My friend was scared of water so he went to the amusement area. It was fun.

On the fourth day, we visited the night market and then we went back to the hotel.

On the final day we went to the airport after breakfast. We went back home.

I will never forget this trip. I had a great time with my family and friend.
