

Hello everyone! My name is Ms Jessie. I am originally from India and have been living in Hong Kong for many years. I have been an English teacher at PLK Chee Jing Yin Primary School since 2008. I am delighted to be back for another year at this wonderful school, working alongside many great teachers and teaching an amazing group of students.

Some things I love about teaching are getting to know each student and helping them reach their goals in learning and speaking English, as these skills will last them for the rest of their lives.

In my free time, I love spending time with my family and friends, reading, drinking Chinese green tea, going hiking in beautiful areas and spending time outdoors. I also enjoy travelling and have been fortunate enough to visit exciting places such as Canada, Australia, London, Thailand, New Zealand, and Switzerland. The best place I have ever visited was Switzerland. It has spectacular views and dreamlike landscapes. I love exploring new countries with my family and capturing the moment with lots of photographs.

I look forward to a successful year of collaborating with my colleagues and supporting all our students in achieving their full potential.

Miss Jessie had a tour in Switzerland. The best place she has ever visited.

A tour in London

## P.2 School Outing

On 22nd October, the primary two students visited The Hong Kong Science Museum. It aimed to provide an enjoyable learning experience for them.

They engaged in interactive exhibits which allowed them to explore the fun of science. They explored different galleries, covering diverse areas of science such as an electrifying Electricity and Magnetism Gallery, a ground-shaking Earth Science Gallery, a life-unearthing Palaeontology Gallery, a lively Biodiversity Gallery, an inspiring Jockey Club Environmental Conservation Gallery and a joyful Children's Gallery. They enjoyed themselves and learnt so much better.

Students looked in the mirrors in the World of Mirrors. They saw different reflections from the other mirrors. They had lots of fun.

Students engaged in different activities in different galleries. They were interested to investigate the causes of some mechanical and scientific problems. They discussed with one another, 'How can this happen?'

## Spooktacular Fun at Our Annual Halloween Event!

This year's Halloween event was a howling success, filled with ghoulish games, creative crafts, and plenty of spooky spirit! Students, teachers, and parents alike joined in the festivities, making it a memorable day for everyone.

### Face Painting Frenzy!

Our talented parent volunteers transformed our students into an array of fantastic creatures and characters at the face painting booth.

The students' smiles were as bright as the colours, as witches, superheroes, and creepy crawlies came to life with every brushstroke. It was wonderful to see the creativity and excitement radiating from each child as they admired their new Halloween looks in the mirror. This booth was definitely a highlight, adding a magical touch to every costume!

## Booth Games Galore!

The gymnasium was buzzing with energy as students eagerly participated in a variety of Halloween-themed booth games. Each game offered a chance to win some sweet treats and show off their skills. Laughter and cheers filled the air as children tried their luck, creating a lively and competitive atmosphere. It was fantastic to see so many students engaging with each other and having a blast!

## Crafty Corner

The Crafty Corner was filled with imagination! Students from all primary levels participated in diverse projects, including crafting sweet ghost and vampire lollies, designing spooky eye masks, assembling intricate cotton bud stick skeletons, and creating festive paper pumpkin lanterns. It was wonderful to see students focused and excited, proudly taking home their unique, handmade Halloween keepsakes.

## Best Dressed: Celebrating Creative Costumes!

A major highlight was the highly anticipated Best Costume Award! Students showcased incredible creativity and effort in their spooky attire. Winners were chosen from each class, proudly collecting their prizes after impressing the judges with their unique and imaginative looks. Congratulations to all the students who brought such spirit and flair to the event!

## Sharing the Joy with Our Kindergarten Friends

This year, we were especially excited to invite our kindergarten friends to join in the Halloween fun! They shared in the joy of the day, participating in the activities and experiencing the magic of Halloween alongside our students. Together, we created lasting memories and embraced the joy of Halloween!

## Our Amazing PTA team

Huge thanks to our amazing PTA team for their hard work in making our Halloween activities a success! Your efforts brought joy to the entire school community.

## Meet Our NETs

### Mr Gordon

I come from a small city in Canada, called Sydney. While there, I completed several degrees: a Bachelor of Arts and a Bachelor of Education, as well as several years of studying French. Before coming to Po Leung Kuk Chee Jing Yin Primary School, I taught English for many years in Hong Kong and Canada. Little known fact is that I am also a French teacher!

In my free time, I love playing rugby, spending time with family, enjoying nature, but most of all, speaking with students! So, if you see me around, come say "Hi" and have a chat. After all, practice makes perfect!

Furthermore, I strive to make positive contributions to the English environment both in and outside the classroom. As a teacher, I value each individual student and always do my best to meet their needs. My goal is to help students reach their full potential.

Finally, I would like to wish students, parents and colleagues a very happy and successful 2025-26 school year!

Mr Gordon enjoys time with his family.

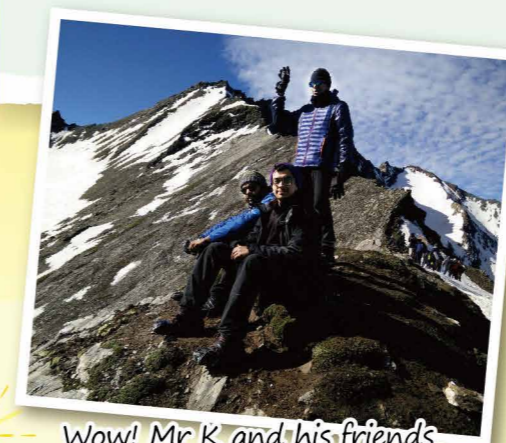

He enjoys himself playing rugby too. Hurray! Just won a tournament.

### Mr K

Hello everyone, my name is Mr. K, and I am delighted to join Po Leung Kuk Chee Jing Yin Primary School. I spent several years in the UK earning my BA in English Literature, an experience that deepened my love for language and storytelling. Teaching is my passion, and I truly enjoy connecting with students both in and out of the classroom.

Outside of school, I love exploring nature through hiking and capturing beautiful moments with my camera. I am also an avid reader, especially of science fiction and fantasy, and I enjoy sharing book recommendations with others whenever I can.

My goal is to make the language accessible, enjoyable, and interactive—so everyone feels confident communicating and connecting with one another. I look forward to a wonderful year of learning, discovery, and growth together.

Wow! Mr K and his friends were at Trisul Peak in The Himalayas.

Trick or treat! Playing Halloween games with students.

God of Fortune in the Chinese Carnival. They were so cute!
