

Maths Kitchen: Making Easter Eggs

By 6C Choi Hei Shuen, Ho Cheuk Ying,
Kung Tsoi Kiu and Lam Tsz Ki

Ingredients

- ✓ 1.a boiled egg
- ✓ 2.salad dressing
- ✓ 3.shrimp crackers
- ✓ 4.some chocolate chips

Steps:

Boil an egg.

Peel the egg.

Use a plastic knife to cut the top off the egg.

Take the egg yolk out and put it into a bowl.

Mash it with a spoon.

Add some salad dressing.

Add some shrimp crackers.

Mix them together and then put the mixture back into the egg.

Put the top onto the egg.

Put some chocolate chips on it to make the eyes and the beak.

Finally you can enjoy your healthy and delicious egg.

Unlocking the Secrets to Success: Insights from a Successful Person

By 4B Wong Chin Yau and 4D Wong On Hei

In a recent interview, we sat down with the Director of Po Leung Kuk, Mr Winson KY Leung to share the keys to his remarkable achievements and inspire the next generation.

During the conversation, Mr Leung stressed the importance of setting clear, achievable goals and having a plan to reach them. "It is important to have goals but at the same time it's very important to have proper planning," he advised.

Mr Leung also stressed the value of maintaining a positive mindset. Failures and setbacks are a part of life but it's how you respond to them that matters most. He encouraged us to embrace challenges as a chance to learn and grow. "I think that understanding that there will always be times that there will be setbacks," he said. He advised us to "take setbacks as opportunity to learn and in the long run you will definitely achieve your goals."

Staying healthy was also highlighted by Mr Leung as being very important. Mr Leung also advised that proper time management is very important when trying to deal with the demands of school, family and maintaining a healthy lifestyle.

As the interview was ending, Mr Leung offered some words of wisdom and encouragement. "I think it's very important to be happy at school and to have fun with learning and also have fun spending time with your friends. Respect each other and just be a nice person and this will lead to your success in the future."

The insightful interview left a lasting impression on us and our fellow students who attended. Now we have a renewed sense of purpose and some new tools to help us achieve in life.

The Odyssey of the Mind World Finals 2024

It has been 3 years since I joined our school's Gifted Education Unit. As the old saying goes - "It takes 3 years to reach for a dream". This is the special and fruitful year that we finally reached the Odyssey of the Mind World Finals located at Iowa State University in the United States of America.

The journey to the World Finals was full of adversity but proved worthwhile. It all started in 2022 amid the pandemic when we made our first creative performance via "Zoom". After earning the second place of the Regional Tournament in 2023, this is the year our school representatives ultimately became the regional champion and qualified to return to the world stage.

Throughout the week of the World Finals festival, we expanded our horizons by communicating with foreigners and living in a different environment. We met our buddy team from Arizona and we exchanged contact information with some of the students there! All in all, it was a once-in-a-lifetime experience for us and I will remember every bit of the journey forever.

Drama Team

This year for the Hong Kong School Drama Festival, our school drama team went with our award-winning play, "Trio Hero". It has been awarded prizes in festivals, such as Outstanding Script, Director, Performer, Stage Effects and Co-operation as well as Award For Commendable Overall Performance. The play portrays Harry, a typical low academic achiever who is very proud of his two close friends, Hazel and Sherry. The three of them take care of one another all the time.

Nevertheless, after entering 'Bling Bling Tutorial Centre', Harry suddenly turns into a different person. He becomes smarter but meaner. What's more, he starts to distance himself from Hazel and Sherry and even tricks them for his benefit. In the meantime, Harry's great academic improvement attracts Dr. Smarty's attention. In no time, he plans to use Harry as a subject for further tests..... What will happen to Harry? What's the plan of Dr. Smarty? Will Hazel and Sherry help Harry in the end?

Skipping Team

Our school's rope skipping team has been making steady progress over the past few years. Through hard work and diligence, we have slowly equipped ourselves with skills and experience through competition and performance on various occasions. Over the years, our rope skipping team has earned trophies from competitions such as Hong Kong Districts Primary School Rope Skipping Championships, the 1st New Territories Inter-District Rope Skipping Championship and Open Competition as well as performing in the Po Leung Kuk 145th Anniversary Charity Walk. Best of luck to our student competitors in the future!
